Academic master plan	Dr. Rafique Ahmed	Along with the physical master plan there is necessary to develop an academic master plan.	A committee has been formed comprising of the convener of Academic Development Cell, President of GB of the College, Principal of the college, Mr. Ajit Kr. Borah and Dr. Sambit Chaliha and asked this committee to frame the academic plan within three months.
Mentoring system	Mr. Prabin Ch. Saikia	There is need to systematize the recording of what's app mentoring.	Employee Development Cell has been assigned to organize a workshop on what's app mentoring and recording among the employees.
Book donation	Dr. Rafique Ahmed	To popularize book donation and to have more use of Book Donation container, there is need to organize a programme of book donation along with any other programme of the college.	The proposal has been approved.
Academic status	Dr. Rafique Ahmed	Comparing the sixth semester results of the college with neighbouring ones it has been noticed that though there was down trend of academic achievement of the college during the years after introduction of semester system, recent years seem to recover. Introduction of CBCS is expected to hurt the academic achievement again.	Decided to take necessary care to sustain academic achievement when CBCS introduced.
Nomination of member	Dr. Rafique Ahmed	There is need to nominate one member to IQAC in place of the retirement of Mrs. Pranoti Duara.	Ms. Reema Rabha has been nominated.
Closure of the sitting	Dr. P. K. Dutta	Expected regular sitting of the Cell and full involvement of the faculties in IQAC functioning.	Declaration of the end of the sitting.

Students' Feedback Analysis 2016-17

Conclusions

The IQAC of the College makes feedback analysis not to commend and recommend on policy measures. The findings as shown above are open to all for self analysis and evaluation and to take necessary action as required. This copy is also to be submitted to the Principal of the College so that he can take necessary measures in matter of quality improvement considering students' perception of teachers and teachings. Utmost care has been taken in method formulation and analysis. Neutrality in analysis is 100 percent assured. Any clarification regarding formulation and analysis is always welcome.

This time, students' feedback analysis is comprehensive and seems to be qualitatively better. Qualitatively better in the sense after explaining the questionnaire thoroughly that feedback information was collected from the students directly. So, this feedback analysis is more reliable than before.

Next year onward, feedback analysis is attempted to cover comparative study with its previous ones.

been taken in formulating methods and analysis. Neutrality in analysis is 100 percent assured. Any clarification regarding formulation and analysis is always welcome.

Two departments, one each from Arts and Science streams did not take part in this feedback mechanism. So report made here is not comprehensive. In future, it should be taken care of. Shifting this mechanism to on line, such incompleteness is expected to be no more.

(F) Recommendations:

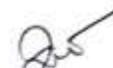

After analyzing and brainstorming all the responses, comments, and suggestions collected from many employers through this questionnaire, we would like to recommend the following to the concerned personals of the institute –

- Institute should make all the efforts from its end to introduce new courses which will create skilled human resources for the future jobs in the rapidly evolving career opportunities.
- Institute should shed light on the existing hands-on learning courses and strengthen the curriculum to fulfil the demands of real-world jobs.
- Institute should conduct such surveys more often in order to detect the required changes in the curriculum, different practices of the college to keep a pace with the highly dynamic field of jobs at the earliest.
- Efforts should be made that this kind of survey in future covers a large number of respondents from many areas of employment, especially from different departments of government sector.
- Institute should try to organize events by inviting employers on a regular basis to brief all the students, guardians of students, and teachers about their requirement on an employee, future jobs and skills required for such jobs, etc.

Teachers' Feedback Analysis Report 2018-19

The Teachers' feedback on campus facilities (Sanitary provision) of the college was collected and analyzed. Majority (35.85%) of the teachers have given his/her feedback on campus facilities (Sanitary provision) of the college is average, 30.82% of the teachers have given his/her feedback on campus facilities (Sanitary provision) of the college is good, 5.66% of the teachers have given his/her feedback on campus facilities (Sanitary provision) of the college is very good, 9.50% of the teachers have given his/her feedback on campus facilities (Sanitary provision) of the college is poor, 8.18% of the teachers have given his/her feedback on campus facilities (Sanitary provision) of the college is very poor. Overall, most of the teachers are satisfied with the campus facilities (Sanitary provision) of the college. But some of the teachers are not satisfied with the campus facilities (Sanitary provision) of the college. Therefore, some modification will be needed the sanitary provision of the college.

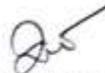

Conclusion:

This feedback analysis report found that college has maintained a good environment for the teaching staff. However, there are few areas for improvement. Specially, college need to upgrade the sanitary provisions. There is a need for renovation of classrooms. There is a scope for upgrading the healthcare facilities also. This report recommends for updating the healthcare infrastructure, classrooms and sanitary provisions of the college.

The college is overall weak in quality serial number 4, 7, 9 and 21 achieving less than 90 percent in quality matters. They are respectively remembrance impact, course consistency, remedial measures and sense of humour. The last one is the least one making the classes bore. Necessary steps should be undertaken to remove these weaknesses.

Conclusions

Tables and graphs shown above are self-explanatory. So, no extra explanation has been added. Faculties and the departments need to go thoroughly to the parts concerned and take corrective measures to mitigate the loopholes as this feedback report reflects. The authority is expected to take necessary measure as a whole so as to enhance the quality effort of the institute.

Students' Feedback Analysis Report 2019-20

The faculties as a whole are most weak in quality serial number 5, 21, 15, 16 and 10. They are respectively subject knowledge, sense of humour, inspiration, higher education counseling and opportunity inter-action. Faculties are most strong in 18, 1, 2 and 7. They are respectively response to students' query, audibility, intelligibility and course consistency.

Teachers' Feedback Analysis Report 2020-21

5. Recommendations:

Based on the analysis the recommendations are:

1. The number of classrooms should be increased enabling teachers to conduct parallel classes.
2. The classrooms needs to be upgraded and should be equipped with necessary amenities. Smart Classrooms with modern technology should be made available for imparting a blended teaching and learning.
3. Insistence on students' attendance is of utmost importance.
4. Problem Based Learning Maybe Encouraged.
5. The sports care facilities available in the college campus needs to be enhanced with the co-operation of the faculties, students and administration.
6. For the infrastructural facilities, it requires maintenance.
7. There should be healthier options for the food available in the College Canteen.
8. There should be provisions for more toilets for the faculty members. Extensive efforts are required for judicious maintenance of the sanitary facilities.
9. Faculties are engaged in too many administrative works, with a negative repercussion on research works. They should be given adequate time to undertake quality research work.
10. Necessary research infrastructure and funds are required to improve qualitative research work.

5: Conclusion:

From the feedback based on the responses from the teaching fraternity of Bahona College on three primary parameters relating to College Administrative Mechanism, Evaluation Mechanism and Campus Facilities, it can be concluded that the faculties are fairly satisfied with the facilities available in the college. From the perspective of Administrative Mechanism, the faculties are satisfied with the facilities and co-operation extended by the Administration. However, there are still areas that require improvement, which can be addressed effectively. The Teaching Staff is Satisfied with the Evaluation Mechanism available in the College. The campus facilities are also good in terms of basic infrastructure facilities like buildings, lighting, Vehicle Parking area; Canteen, Drinking-Water Provisions, Library and so on. However, the Sanitary Provisions was not highly ranked by the Respondents and it requires attention and improvement in terms of quantity and quality.

UPLS was inaugurated on 19th July, 2021 at 11 am over google meet platform (link: <https://meet.google.com/oti-dkoh-ymy>) in the presence of the Principal of Bahona college, the resource persons from different colleges of Assam, the faculties of Department of Physics, Bahona college and the participants from different colleges and universities of Assam. Dr. Prasanna Kumar Dutta, Principal, Bahona College, Jorhat, provided the inauguration speech. In his short introductory note, he mentioned the objectives and expectations of the lecture series. Dr. Saabit Chaliha, HOD, Department of Physics, provided the welcome address and introduced the resource persons to the participants. The inauguration ceremony ended at 11.15 am, followed by the initiation of the lecture series. Dr. Aishwarya Sharma (Assistant Professor, Department of Physics), coordinator of UPLS moderated the inauguration as well as further sessions. The different sessions occurred parallelly and Dr. Himanshu Rajbongshi, Assistant Professor, Department of Physics also moderated a few parallel sessions.

UPLS came to end on 31st July, 2021 followed by a speech by the HOD, Department of Physics, Bahona College and a Vote of Thanks by the coordinator for the successful completion of the programme. Feedbacks were taken from the participants, and e-certificates were given to them. Details of different parallel sessions are given below along with some evidences/screenshots of different aspects associated with the lecture series.

MoU of Bahona College with Dhruba Jyoti Kalita, National Certified Coach, Jorhat in Badminton Coaching

MEMORANDUM OF UNDERSTANDING

This memorandum of understanding (MOU) is entered into by and between:

Bahona College, Bahona, Jorhat Assam
Hereafter referred as Agency A
and
Dhruba Jyoti Kalita, National Certified Coach, Jail Road, Kushal Nagar, Jorhat
Hereafter referred as Agency B

A. Background

Bahona College is situated in a rural location. It is committed not only to academic excellence but also to all round development of students involving in extra and co-curricular activities. At the same time the college also recognizes its social responsibility. There is limited scope of sports training in this locality. Considering all these things the college authority ventures to open up sports training programmes through third party involvement so that not only the college students but also the local children and youths are benefited. This MOU is the result of this venture.

B. Purpose

The main purpose of this MOU is to open up opportunities for college students and local children and youths in the area badminton coaching by utilizing sports assets of the college.

C. Mutual Goals

Both Agencies A and B have a mutual interest in mental and physical development of the college students and local children and youths through the practice of badminton. So, the agency A is interested to provide sports infrastructural facilities in exchange of receiving sport services. Contrary to this, the agency B is interested to provide sport services in exchange of getting opportunity to use sport infrastructures. Both the agencies have better understanding that cooperative efforts matter in materializing the aforesaid goals.

MEMORANDUM OF UNDERSTANDING

This memorandum of understanding (MOU) is entered into by and between:

Bahona College, Bahona, Jorhat Assam
 Hereafter referred as Agency A

and

Yeepman Yoga Kung Fu & Kick Boxing Academy, Jorhat, Assam
 Hereafter referred as Agency B

A. Background

Bahona College is situated in a rural location. It is committed not only to academic excellence but also to all round development of students involving in extra and co-curricular activities. At the same time the college community is keen to community development in its locality. With this objective some of the campus amenities of the college are kept open to the local communities as well as to its students. And as such third party involvement has been recognized and exercised time to time. Making analysis of students' performance it has been observed that there is a lag in the mental and physical development of youths of the college as well as of the locality. To meet this lag the college authority decides to have proper use of indoor stadium through third party involvement,

B. Purpose

For mental and physical development of students of the college and youth of surrounding localities and for optimal use of indoor stadium this MOU is intended to accomplish by associating with Yeepman Yoga Kung Fu & Kick Boxing Academy, Jorhat, Assam as third party.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (MOU) is entered into by and between:

Brahmaputra Aquarium, Jorhat, Assam
Hereafter referred as Agency A

and

Bahona College, Bahona, Jorhat Assam
Hereafter referred as Agency B

A. Background

Community College under Bahona College is an association to Bahona College, under the scheme of Community College initiated by the Central Government and sponsored by the University Grants Commission that has been designed to be accessible to a large number of individuals of the community, offer low cost and high quality education locally, that encompasses both vocational skills development as well as traditional coursework, thereby providing opportunities to the learners to move directly to the employment sector or move into the higher education sector. It offers a flexible and open skill based education system which also caters to community-based life-long learning needs. It is expected to have a synergistic relationship between the community, community college and the job market. The guideline of the schemes of Community College/KAUSHAL (Deen Dayal Upadhyay Centres for Knowledge Acquisition and Upgradation of Skilled Human Abilities and Livelihood) requires industry partner for development of skill-based courses as per local man power need, providing skill-trainer and assistance for field work and job placement activities. This MOU between Agency A & B is fulfillment of this requirement.

B. Purpose.

To describe the mutual goals and responsibilities with regard to the sharing in curricular development, skill-trainer provision, assistance in field work and job

The above-mentioned institutes recognize that academic collaboration would be of mutual benefit and would provide strength in research and education and generate their mutual interest in engaging themselves in academic cooperation. It is agreed that:

Faculty:

1. Each institute will promote the exchange of faculty for teaching and/or for collaborative research programs in the different area of Physics.
2. The exchange of teaching classes will be mostly done in online mode.
3. The faculty members will have research collaborations to publish research papers in reputed journals and if possible, patents.
4. The faculties of both the institutes will share their study materials among each other, if required.

Students:

1. Each institute will promote internship and/or semester exchange of qualified undergraduate and/or graduate students in the other's academic progress.
2. Both the institutes will treat each other's student as own student and will not charge any tuition fee.
3. Students will bear their transportation cost, i.e. to and from the host institution. The students will arrange their food and lodging expenses if required.

Terms:

1. This collaboration will become effective on the final date of signing the agreement and will have duration of five years.

Coordinators:

1. Each departments designate their HODs to be the coordinators of the programme. We also mention that if any change in headship occurs then the newly appointed HOD will take over the duty of coordinator.
