Late Pronoti Duarah Bora Memorial Award	
<p>ACTIVITIES OF WOMEN CELL, BAHONA COLLEGE AUGUST, 2023- JULY, 2024</p> <p>1. Late Pronoti Duarah Bora Memorial Award:</p> <p>Women Cell, Bahona College organized Late Pronoti Duarah Bora Memorial Award function in loving memory of Late Pronoti Duarah Bora, Former Head, Department of History, Bahona College on 25th August, 2023 in the College Auditorium. The function was attended by her husband Dr. Tarun Chandra Bora, Retired Vice Chancellor, Krishnaguru Adhyatmik Visvavidyalaya, Barpeta, Assam. The family of Late Pronoti Duarah Bora had decided to award two meritorious and gender sensitized students in memory of her with one-time assistance. Miss Ankita Sarma from Department of Political Science and Miss Krishnamoni Kalita from Department of Assamese, Bahona College received the award. Dr. Bora in his speech briefly narrated the need for gender sensitization to progress in the path of development. He stressed how gender sensitization begins at home and extends to all the other spheres of life. According to Dr. Bora, teachers are strategically positioned to act as an agent to bring social changes by acquiring knowledge and role modeling their attitudes and ethics to disperse knowledge to the students both inside and outside the classrooms to bring gender equality.</p> <p>Prepared by, Mrs. Protiva Bora, President, Women Cell Dr. Reema Rabha, Secretary, Women Cell</p>

International Literacy Day

International Literacy Day 2024 Celebration

Date: 8th September 2023

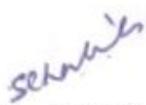

Place: 31 No. Madhya Charigaon GP

The International Literacy Day 2024 was celebrated on 8th September 2023 at 31 No. Madhya Charigaon GP, jointly organized by the NSS Unit and the Community Extension and Consultancy Service Cell of Bahona College. The program commenced with a warm welcome address by Principal Dr. Shanta Saikia, who greeted the audience, including local villagers, NSS volunteers, and faculty members. The event featured Dr. Himangshu Rajbongshi as the resource person, who delivered an engaging talk on the theme "Online Financial Transactions" to raise awareness about digital literacy in financial practices. The talk emphasized the importance of understanding and utilizing online financial tools for secure transactions, empowering individuals to adopt digital platforms for everyday financial activities.

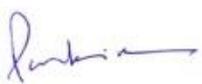

NSS volunteers played a vital role in organizing the event, facilitating smooth coordination, and conducting practical demonstrations on using online financial services such as mobile banking, UPI payments, and e-wallets. They also interacted with the participants to address their concerns and provide one-on-one guidance on adopting digital financial tools. Awareness sessions highlighted the benefits and precautions of online financial services, while interactive discussions encouraged participants to share their experiences. The program concluded with a vote of thanks, expressing gratitude to all participants, organizers, and volunteers for their contributions, making the event a meaningful initiative to promote both literacy and digital financial awareness within the community.

ADRE Coaching Programme

Report on Assam Direct Recruitment Coaching Program
Organized by: Placement Facilitation and Career Guidance Cell, IQAC,
Bahona College, Jorhat
Date: 11-12-2023 to 03-02-2024

Introduction:

The Placement Facilitation and Career Guidance Cell at IQAC, Bahona College, Jorhat, successfully organized a coaching program for candidates preparing for the Assam Direct Recruitment Examination (ADRE). The initiative aimed to provide comprehensive guidance and support to students applying for both Grade 3 and Grade 4 posts under the ADRE. The program was held from December 11, 2023, to February 3, 2024, at the Mohan Dutta Memorial Hall, Bahona College, Jorhat.

Program Details:

- Program Name: Assam Direct Recruitment Coaching
- Duration: 11-12-2023 to 03-02-2024
- Venue: Mohan Dutta Memorial Hall, Bahona College, Jorhat
- Total Participants: 21

The coaching sessions were enriched by the active involvement of faculty members from Bahona College and esteemed resource persons invited from various institutions across Jorhat. These experts brought diverse knowledge and expertise, covering critical areas relevant to the recruitment examination, including:

- Arts and Humanities: Facilitating students' understanding of historical, cultural, and literary topics.
- Political Science and Current Affairs: Enhancing awareness of governance, political systems, and contemporary issues essential for the examination.
- Quantitative Aptitude and Logical Reasoning: Strengthening analytical and problem-solving skills critical for both Grade 3 and Grade 4 posts.
- Language Proficiency: Improving command over English and Assamese language skills.

Program Highlights:

- Comprehensive Curriculum: The sessions covered the syllabus prescribed for both Grade 3 and Grade 4 posts under the ADRE.
- Expert Guidance: Students benefitted from tailored guidance provided by experienced faculty and resource persons.
- Interactive Sessions: The program included interactive sessions, mock tests, and practical problem-solving exercises to prepare candidates for the exam.
- Student Engagement: Participants displayed high levels of enthusiasm and commitment throughout the program.

The coaching program successfully equipped students with the necessary knowledge and skills to excel in the Assam Direct Recruitment Examination. The collaboration between Bahona College faculty and resource persons from other institutions greatly contributed to the program's effectiveness.

ADRE Coaching Programme

Acknowledgment:

We extend our heartfelt gratitude to the faculty of Bahona College and the invited resource persons for their dedication and expertise. Their efforts have played a pivotal role in empowering the candidates and preparing them for this crucial opportunity.

Conclusion:

The Assam Direct Recruitment Coaching Program reflects Bahona College's commitment to supporting students in achieving their career aspirations. Such initiatives not only contribute to individual growth but also foster a culture of learning and development within the community.

Note:

It is to be noted that no TA/DA was provided for the program participants, emphasizing the voluntary and committed spirit of this initiative.

Job Fair

Report on Bahona College Job Fair
Date: 21 December 2023
Venue: Bahona College, Jorhat-785101, Assam
Organised by: Career Counseling and Placement Facilitation Cell, Bahona College
In Association With: ICA Mega Center, Jorhat

Bahona College, Jorhat, through its Placement Facilitation and Guidance Cell and Internal Quality Assurance Cell (IQAC), in collaboration with ICA, Jorhat Mega Centre, organized a job fair on December 21, 2023. The event took place at the Bahona College Auditorium and saw participation from several reputed companies, offering a range of positions across various sectors. The job fair aimed to provide students with ample employment opportunities and direct interaction with potential employers.

The primary objectives of the job fair were:

- To facilitate direct interaction between students and potential employers.
- To provide students with immediate employment opportunities.
- To enable companies to identify and recruit talented individuals from Bahona College.

Details of the Job Fair

The job fair was held on December 21, 2023, at the Bahona College Auditorium. A total of **26 students** participated in the fair.

The following companies participated in the job fair:

SBI Life Insurance Co. Ltd	KIA
Deopani Autocorp	Kotak Life Insurance
PNB MetLife India Insurance Co. Ltd	Bajaj Capital
Ford	Force Motors
Randstad India Ltd	Teleperformance

The companies offered various positions, including:

Executive	Financial Advisor
Customer Care Executive	Sales Manager
Team Leader	Sales Executive

The job fair was conducted throughout the day, allowing students ample time to engage with multiple companies and attend various interview sessions.

Event Highlights

The event commenced with an inaugural session where representatives from Bahona College and ICA, Jorhat Mega Centre, welcomed the participating companies and students. The importance of such job fairs in bridging the gap between academia and industry was emphasized.

Each participating company gave a brief presentation about their organization, the positions they were hiring for, and the qualities they were seeking in potential candidates. This session provided students with valuable insights into the expectations of different employers.

Awareness Programme: Drive Against Superstition

Report on the Awareness Programme: Drive Against Superstitions-a campaign to eradicate social evils.
Venue: Bahona Balya Bhawan, Jorhat Date: 26th December, 2023

The Environment and Climate Cell of Bahona College, Jorhat, Assam, organized an awareness programme titled "Drive against Superstitions: A Campaign to Eradicate Social Evils." This event was supported by the Science Technology and Climate Change Department, Government of Assam, and was held in collaboration with the Assam Science Technology and Environment Council. The programme was organised on 26th December, 2023 at Bahona Balya Bhawan, Jorhat, with the active participation of students and their guardians. A total of 105 students, teachers and guardians participated in this programme. The campaign was presided over by headmistress Ms. Nabajita Bora and was inaugurated with a welcome address by the principal of Bahona College, Dr. Sumbit Chaliha.

The programme began with an enlightening speech by Mr. Sanjit Bordoloi, a renowned writer and reviewer, who served as one of the resource persons. Mr. Bordoloi emphasized the deep-rooted nature of superstitions in society and the need for rational thinking and scientific temper to overcome these unfounded beliefs. He discussed various common superstitions and illustrated their adverse effects on individuals and the community.

Dr. Manash Jyoti Borah, the other esteemed resource person, highlighted the critical issue of child marriage. Dr. Borah explained how child marriage is not just a social evil but also a significant barrier to education and personal development for young girls. He provided statistical insights and real-life examples to underline the gravity of the problem and its long-term consequences on health, education, and economic independence of girls. His session was both informative and thought-provoking, urging guardians to protect their children's future by saying no to child marriage.

In connection with the programme, a slogan competition was held to engage the

Awareness Programme: Drive Against Superstition

Report on the Awareness Programme: Drive Against Superstitions-a campaign to eradicate social evils.
Venue: Borigaon High School, Jorhat Date: 28th December, 2023

The Environment and Climate Cell of Bahona College, Jorhat, Assam, organized an awareness programme titled "Drive against Superstitions: A Campaign to Eradicate Social Evils." This event was supported by the Science Technology and Climate Change Department, Government of Assam, and held in collaboration with the Assam Science Technology and Environment Council. The programme took place on 28th December, 2023 at Borigaon High School, Jorhat, Assam and saw the active participation of both students and their guardians. A total of 147 students, teachers and guardians participated in this programme. The campaign was presided over by the governing body president, Dr. Om Prakash Sahu, and commenced with a welcome address by the principal of Bahona College, Dr. Sumbit Chaliha.

Dr. Sumbit Chaliha began the event by emphasizing the importance of education in overcoming superstitions and fostering a rational mindset. He highlighted the role of awareness programmes in empowering communities to question and reject baseless beliefs.

The programme featured notable resource persons who provided valuable insights on various aspects of social evils. Dr. Montu Bhuyan, a Senior Scientist from the North East Institute of Science and Technology (NEIST), delivered an engaging talk on the detrimental effects of superstitions. Dr. Bhuyan explained how superstitions impede scientific progress and rational thinking, and he urged the audience to adopt a scientific approach to problem-solving and daily life. He used examples from his scientific work to illustrate the importance of evidence-based thinking.

Dr. Manash Jyoti Borah, the other esteemed resource person, focused on the critical issue of child marriage. He detailed the adverse impacts of child marriage on young girls, including health complications, educational discontinuation, and socio-economic disadvantages. Dr. Borah used statistical data and case studies to underline the urgency of eradicating this practice. He called on parents and guardians to ensure their children's right to education and personal development.

To further engage the students and reinforce the anti-superstition message, a slogan competition was held as part of the programme.

The winners of the slogan competition were:

The event was graced by the presence of Ms. Dipanjali Goswami, retired headmistress of Kalyani High School, and Ms. Nikuja Devi, retired assistant teacher, who both expressed their support for the campaign. Their attendance underscored the community's collective commitment to addressing these social issues.

In her concluding remarks, the headmistress of Borigaon High School, Ms. Sewali Saikia, delivered the vote of thanks. She expressed her gratitude to all participants, resource persons, and organizers for their dedication and contributions to making the event a success. Ms. Saikia reiterated the importance of continuing such awareness programmes to build a more informed and progressive society. Finally leaflets were distributed to the students to further disseminate information on the harms of superstitions and the benefits of scientific thinking.

Awareness Programme: Drive Against Superstition

Report on the Awareness Programme: Drive Against Superstitions-a campaign to eradicate social evils.
Venue: Rongdoi High School, Jorhat Date: 29th December, 2023

The Environment and Climate Cell of Bahona College, Jorhat, Assam, organized an awareness programme titled "Drive against Superstitions: A Campaign to Eradicate Social Evils." This event was supported by the Science Technology and Climate Change Department, Government of Assam, and held in collaboration with the Assam Science Technology and Environment Council. The programme took place on 29th December, 2023 at Rongdoi High School, Jorhat, Assam. A total of 135 students, teachers and guardians participated in this programme.

The meeting was presided over by Mr. Poran Sharma, the Headmaster of Rongdoi High School, who set a tone of urgency and importance for the proceedings. Dr. Manash Jyoti Borah, who delivered the welcome address, also spoke passionately about the critical issue of child marriage, linking it to broader social evils perpetuated by superstitious beliefs. His address highlighted the intertwined nature of various societal issues and the need for a multifaceted approach to social reform.

Dr. Sangita Das, Assistant Professor of Botany at Bahona College, served as the first resource person for the event. Her talk focused on the scientific explanations that debunk superstitions. Dr. Das emphasized how many superstitions have no basis in scientific fact and are often rooted in ignorance and fear. By presenting evidence-based explanations, she aimed to dismantle the credibility of these beliefs and encourage a rational, scientific mindset among the attendees.

Following Dr. Das, Mr. Mohan Bora, Director of the Annapurna Seed Library in Jorhat, addressed the gathering. His talk concentrated on

superstitions related to farming. Mr. Bora illustrated how many traditional farming practices, influenced by superstitions, can be detrimental to agricultural productivity and sustainability. He advocated for the adoption of scientifically proven agricultural methods and provided practical examples of how farmers can benefit from abandoning superstition-based practices.

In addition to the educational talks, the event also included a prize distribution ceremony for a slogan competition held as part of the campaign. The winners were: Miss Jabarani Bora, class ten, who received the first prize; Shri Gautam Dutta, class ten, the second prize; and Miss Disa Bora, class ten, the third prize. Finally leaflets were distributed to the students to further disseminate information on the harms of superstitions and the benefits of scientific thinking.

Report on the Awareness Programme: Drive Against Superstitions-a campaign to eradicate social evils.
Venue: Kalyani High School, Jorhat. Date: 30th December, 2023

The Environment and Climate Cell of Bahona College, Jorhat, Assam, organized an awareness programme titled "Drive against Superstitions: A Campaign to Eradicate Social Evils." This event was supported by the Science Technology and Climate Change Department, Government of Assam, and held in collaboration with the Assam Science Technology and Environment Council. The programme took place on 30th December, 2023 at Kalyani High School, Jorhat, Assam. A total of 113 students, teachers and guardians participated in this programme.

The meeting was presided over by Ms. Tutumoni Bhuyan, the Headmaster of Kalyani High School, who emphasized the importance of addressing superstitions to foster societal progress. Dr. Sumbit Chaliha, Principal of Bahona College, delivered the welcome address. He highlighted the interconnectedness of superstitions with various social evils and stressed the necessity of education in combating these issues.

The first resource person, Dr. Dondeswar Dutta, a Scientist from Rain Forest Research Institute, Jorhat, delivered an enlightening talk on superstitions. She provided several examples to illustrate how irrational beliefs can harm individuals and communities. Dr. Dutta emphasized the importance of questioning and critically evaluating superstitious practices, urging the audience to adopt a scientific mindset. Her presentation aimed to debunk common superstitions and promote rational thinking among the attendees.

Following Dr. Dutta, Dr. Manash Jyoti Borah, Coordinator of the Environment and Climate Cell at Bahona College, addressed the gathering. Dr. Borah's presentation focused on superstitions related to child marriage and the scientific reasons that debunk these beliefs. He discussed various common superstitions surrounding child

Science Awareness Programme

Department of Chemistry
Bahona College, Bahona, Jorhat, (ASSAM)

Report on the World Environment Day Celebration

On the occasion of World Environment Day, the department celebrated the event on 5th June, 2024 in Bahona Balya Bhawan School. To create awareness regarding protection of environment, every year this day has been celebrated by the department in different venues. In line with the theme "Land restoration, desertification, and drought resilience" a painting competition was held among the students of the school. Further, sapling plantation was also done in the school campus by the teachers of the department and the head teacher of the school. Further, Dr. Parinita Borah, HoD addressed the students and delivered a talk on the theme of the day. She emphasised on increasing global temperature, deforestation, and degrading fertility of the soil in her talk. Finally, a short documentary in connection with the theme was screened for the students. With an attendance of 60 people, the event was concluded successfully.

National Science Day	
<p style="text-align: center;">Report on National Science Day, 2024</p> <p>To commemorate the discovery of Raman Effect by Sir C. V. Raman, National Science Day was celebrated in Bahona College on 28th February, 2024 in Rupkonwar Hall from 12 pm onwards. The theme of this years National Science Day was 'Indigenous Technologies for Visit Bharat'. The event was held under the able guidance of Principal Dr. Sumbit Chaliha and the aegis of Assam Science Society, Bahona Branch, and Environment and Climate cell of Bahona College. The keynote speaker of the even was invited guest from CSIR- North Eastern Institute of Science & Technology (NEIST) Jorhat; Principal Scientist Dr. Montu Bhuyan. In his prolific keynote address he elaborated various indigenous technologies being developed in India with special focus in the north eastern region. His lecture motivated the audiences to contribute to development of the nation. The program was anchored by Dr. Champak Dutta, Secretary, Assam Science Society, Bahona branch. In his welcome address he quoted the significance of Raman's work and Indian Association for Cultivation of Science (IACS), Kolkata where Sir C.V. Raman did his groundbreaking Nobel Prize winning research work. Honorable Principal Dr. Sumbit Chaliha also enlightened the students with his graceful talk. With a sincere vote of thanks from Dr. Manash Jyoti Borah, Secretary, Environment and Climate Cell, Bahona College, the event was concluded on a successful note.</p> <div style="display: flex; justify-content: space-around;"> <div data-bbox="467 1039 706 1260"> </div> <div data-bbox="795 1050 1218 1249"> </div> </div> <div style="display: flex; justify-content: space-around; margin-top: 10px;"> <div data-bbox="373 1302 795 1417"> </div> <div data-bbox="795 1270 1218 1459"> </div> </div> <p style="text-align: center; margin-top: 10px;">  Signature of the Secretary Assam Science Society, Bahona Branch </p>

Six day Employability Skills Development Training Programme and Mock Interviews	
<p style="text-align: center;">Report on the Six-Day Employability Skills Development Training Program and Mock Interviews Venue: Bahona College, Jorhat-785101, Assam Organised by: Career Counseling and Placement Facilitation Cell, Bahona College In Association with: Mahindra Pride Dates: 11th to 16th March 2024</p> <p>Introduction The Career Counseling and Placement Facilitation Cell of Bahona College, in collaboration with Mahindra Pride, organized a comprehensive six-day Employability Skills Development Training Program from 11th to 16th March 2024. The training was designed to enhance participants' employability by focusing on key aspects such as personality development, interview skills, crafting a well-structured CV, setting career goals, active listening, and the importance of clear communication. The sessions also emphasized the necessity of competence, relevance of skill upgrading, on-the-job learning, and continuous professional development.</p> <p>Objectives The primary objectives of the training program were:</p> <ol style="list-style-type: none">1. To equip students with essential employability skills.2. To enhance their understanding of professional expectations in the workplace.3. To prepare participants for successful job interviews and career advancement.4. To emphasize the importance of lifelong learning and skill enhancement. <p>Program Overview The training program was structured into interactive sessions, practical activities, and mock interviews to provide hands-on experience. Below is a summary of the key sessions: Total Participants: 20 The training program covered a wide range of topics essential for enhancing employability. The session on Personality Development focused on understanding the role of personality in professional success and introduced techniques for building self-confidence and a positive attitude. The module on Interview Skills provided strategies for effective preparation and handling of interviews, insights into common interview questions with appropriate responses, and demonstrations of professional etiquette and body language. Crafting a Well-Structured CV emphasized the importance of a concise and impactful CV, with guidelines for highlighting academic qualifications, achievements, and skills. Discussions on Career Goals and Aspirations encouraged participants to set realistic and achievable career objectives while aligning personal goals with professional aspirations. Active Listening and Clear Communication sessions offered techniques to improve listening skills, interpret feedback, and develop effective verbal and non-verbal communication. The Necessity of Competence and Skill Upgrading was highlighted through discussions on acquiring relevant skills for career progression and methods to identify and bridge skill gaps. Finally, the session on On-the-Job Learning and Continuous Upgradation</p>

Six day Employability Skills Development Training Programme and Mock Interviews	
<p>promoted adopting a growth mindset for professional development and underscored the benefits of training and upskilling in a dynamic job market.</p> <p>A highlight of the program was the mock interview sessions conducted on the final day. These sessions provided participants with a realistic interview experience, complete with feedback from industry experts and facilitators. Participants received constructive suggestions to refine their interview techniques and boost their confidence.</p> <p>Conclusion</p> <p>The program had a significant impact on participants, as evidenced by their feedback and engagement:</p> <ul style="list-style-type: none">• Improved understanding of employability skills and workplace expectations.• Enhanced confidence in attending interviews and professional interactions.• Development of well-structured CVs tailored to job profiles.• Greater awareness of the need for continuous learning and skill enhancement. <p>The six-day Employability Skills Development Training Program proved to be a valuable initiative for the students of Bahona College. The collaboration with Mahindra Pride added immense value by providing industry-aligned insights and practical learning opportunities. This program is expected to serve as a strong foundation for participants as they embark on their professional journeys.</p> <p>Acknowledgments</p> <p>The Career Counseling and Placement Facilitation Cell extends heartfelt gratitude to Mahindra Pride for their partnership and to all facilitators and participants who contributed to the program's success.</p>

Internation Day of Forest Celebration	
Minutes of the International Day of Forests Celebration Bahona College	
<p>Date: 21st March 2024 Venue: Around Borsorola Beel, Nimati Ghat Time: 9:00 AM - 1:30 PM</p> <p>Attendees: Dr. Shantana Saikia, Vice Principal, Bahona College IQAC Coordinator Head of the Department, Department of Botany Convenors of the Community Extension and Consultancy Service Cell Faculty Members Students</p> <p>Agenda: Celebration of International Day of Forests Seed Bombing Plant Walk</p> <p>Proceedings: The celebration of the International Day of Forests was organized jointly by the NSS Unit, Department of Botany, and Community Extension and Consultancy Service Cell of Bahona College. The event was aimed at promoting awareness about forest conservation and the importance of forests to the ecosystem. The program commenced at 10:00 AM with the inauguration by the Vice Principal, Dr. Shantana Saikia, in the presence of the IQAC Coordinator, the Head of the Department of Botany, the convenors of the Community Extension and Consultancy Service Cell, faculty members, and a large group of enthusiastic students. Dr. Saikia highlighted the significance of forests in maintaining ecological balance and stressed the need for active participation in conservation efforts. The inaugural speech was followed by a detailed explanation of the day's activities, which included a plant walk and seed bombing around Borsorola Beel, Nimati Ghat. The plant walk was led by the faculty of the Department of Botany, who educated the participants about various local plant species, their ecological importance, and conservation status. The walk was an interactive session, with students asking questions and engaging in discussions about plant life. Following the plant walk, the group participated in a seed bombing activity. Seed bombs containing seeds of local tree species were dispersed in designated areas around Borsorola Beel to promote reforestation and biodiversity. This hands-on activity was met with great enthusiasm by the participants, who were eager to contribute to forest conservation efforts. The activities concluded at 1:00 PM, and the participants were served a light meal. The event ended on a high note, with participants expressing their appreciation for the opportunity to learn about and contribute to forest conservation.</p> <p style="text-align: right;"> Bhaskar Dowarah Programme Officer NSS Unit, Bahona College</p>

Trade Fair	
<p style="text-align: center;">Minutes of the Bahona College Trade Fair 2024</p> <p>Date: April 9-10, 2024 Place: Bahona College Campus</p> <p>The NSS Unit of Bahona College organized the Bahona College Trade Fair 2024 on April 9th and 10th, 2024, to foster community spirit and promote entrepreneurial skills among students and the local community. The Trade Fair featured a variety of stalls set up by students and local community members, showcasing handmade crafts, organic produce, traditional snacks, artworks, and innovative projects by students.</p> <p>The inauguration ceremony on April 9th was presided over by the Principal, who emphasized the significance of such events in bridging academics and community engagement. NSS volunteers provided essential assistance in managing the event, including setting up stalls, guiding visitors, and ensuring smooth operations throughout the two-day fair.</p> <p>The fair attracted a large number of visitors, including students, parents, and local residents, creating a vibrant marketplace and encouraging skill-building and collaboration among participants. The Bahona College Trade Fair 2024 was a resounding success, promoting entrepreneurship and strengthening community bonds.</p> <div style="text-align: right; margin-top: 20px;"> Bhaskar Dowarah Programme Officer NSS Unit, Bahona College</div>

Report of workshop on vermicompost making

Organized by Assam Science Technology and Environment Council in collaboration with College ECO Club, Bahona College, supported by Ministry of Environment, Forest & Climate Change, Govt. of India.

Date: 07/05/2024 Place: Bahona College

COLLEGE ECO CLUB of Bahona College and Assam Science Technology & Environment Council had organized a workshop on Vermicompost making as part of environment education under Mission Life in Assam on 7th May 2024. A total of 147 students and teachers from 11 different schools of Jorhat district participated in this workshop. The workshop commenced with an inaugural plantation program on the college campus. This initiative was inaugurated by Dr. Sumbit Chaliha, Principal of Bahona College. The plantation drive symbolized the commitment of Bahona College to environmental sustainability and conservation. Students, teachers, and faculty members enthusiastically participated in planting saplings, underscoring the importance of trees in maintaining ecological balance.

Following the plantation drive, the main program took place in the college auditorium. The session was anchored by Dr. Mridusmita Bora, who efficiently managed the proceedings and maintained a lively and engaging atmosphere throughout the day. The program began with an inaugural speech by Dr. Sumbit Chaliha, who welcomed the participants and emphasized the crucial role of environmental education in fostering sustainable development. He highlighted the efforts of Bahona College in promoting eco-friendly practices and encouraged participants to actively engage in learning about vermicompost making.

Dr. Pankaj Bora, IQAC Coordinator of Bahona College, then delivered an insightful speech on the importance of organic manure in farming. He explained how organic manure, such as vermicompost, enhances soil fertility, improves crop yield, and reduces the reliance on chemical fertilizers, thereby benefiting the environment.

Solid waste management

The first resource person, Mr. Ajit Bora, Head of the English Department, Bahona College delivered an insightful presentation on solid waste management. He discussed various strategies for managing solid waste, focusing on the principles of reuse and recycling. Mr. Bora emphasized how waste materials can be transformed into usable products, illustrating his points with practical examples.

Dr. Pankaj Bora, IQAC Coordinator of Bahona College, followed with a discussion on the environmental impacts of waste. He elaborated on how improper waste management contributes to environmental degradation and emphasized the responsibilities individuals have in managing waste effectively. Dr. Bora's talk underscored the importance of adopting sustainable waste management practices to protect the environment.

The technical session was led by Md. Wahidur Rahman Hazarika, an Assistant Teacher at Manmukh Delehi Dhai Ali M.E School and a resource person for "Environment Education" in Jivasagar District under the Mission Life in Assam scheme. Mr. Hazarika demonstrated how to create various items and teaching-learning materials (TLM) from waste materials. He provided step-by-step instructions on transforming waste into useful products, engaging participants with hands-on activities.

Students were particularly enthusiastic during the practical demonstration, learning how to make these items from scratch. Mr. Hazarika's session was highly interactive, allowing participants to apply the concepts they had learned and gain practical experience in waste management.

The workshop concluded with a vote of thanks delivered by Dr. Manash Jyoti Borah, Coordinator of the ECO club, Bahona College. He expressed gratitude to all participants, resource persons, and organizers for their contributions to the success of the event. Dr. Borah also reiterated the importance of continuing to apply the knowledge gained during the workshop in everyday practices. In Concluding session all the

4. Free Training on Make-up and Hairstyling

In collaboration with IQAC, Bahona College, Women Cell organized a Free Training on Make-up and Hairstyling for HSLC and Higher Secondary final examination appearing students from 6th May to 11th May, 2024. An alumnus of Bahona College Mr. Anurag Dutta was invited as a make-up artist to train the students about the basics of make-up and hairstyling for different occasions. More than 25 students attended the program and certificates were distributed after the completion of the training program.

Awareness Programme: Drive Against Superstition

Report on the Awareness Programme: Drive Against Superstitions-a campaign to eradicate social evils.
Venue: Name Kakila High School, Jorhat. Date: 18th May, 2024

The Environment and Climate Cell of Bahona College, Jorhat, Assam, organized an awareness programme titled "Drive Against Superstitions: A Campaign to Eradicate Social Evils." This event was supported by the Science Technology and Climate Change Department, Government of Assam, and held in collaboration with the Assam Science Technology and Environment Council. The programme took place on 18th May 2024 at Name Kakila High School, Jorhat, Assam. A total of 115 students, teachers and guardians participated in this programme.

The meeting was presided over by Mr. Nitynanda Das, the Headmaster of Name Kakila High School, who emphasized the importance of addressing superstitions to foster societal progress. Dr. Manash Jyoti Borah, who delivered the welcome address, also spoke passionately about the issue of child marriage. Dr. Borah highlighted how superstitious beliefs contribute to social evils like child marriage and stressed the necessity of education and awareness to combat these harmful practices.

The first resource person, Mr. Parash Goswami, District Programme Officer, Samagra Shiksha Assam, Jorhat, delivered an engaging talk on superstitions in daily life. He provided several examples to illustrate how irrational beliefs can harm individuals and communities. Mr. Goswami emphasized the importance of questioning and critically evaluating superstitious practices, urging the audience to adopt a scientific mindset. His presentation aimed to debunk common superstitions and promote rational thinking among the attendees.

Following Mr. Goswami, Dr. Pankaj Bora, Assistant Professor in the Department of Political Science, addressed the gathering. Dr. Bora's presentation included showing videos of various superstitions to the audience. These visual aids were effective in highlighting the absurdity and potential harm of such beliefs. Dr. Bora's

World Environment Day

Department of Chemistry
Bahona College, Bahona, Jorhat, (ASSAM)

Report on the World Environment Day Celebration

On the occasion of World Environment Day, the department celebrated the event on 5th June, 2024 in Bahona Balya Bhawan School. To create awareness regarding protection of environment, every year this day has been celebrated by the department in different venues. In line with the theme "Land restoration, desertification, and drought resilience" a painting completion was held among the students of the school. Further, sapling plantation was also done in the school campus by the teachers of the department and the head teacher of the school. Further, Dr. Parinita Borah, HoD addressed the students and delivered a talk on the theme of the day. She emphasised on increasing global temperature, deforestation, and degrading fertility of the soil in her talk. Finally, a short documentary in connection with the theme was screened for the students. With an attendance of 60 people, the event was concluded successfully.

Plantation Programme on World Environment day

Minutes of the Plantation Programme on World Environment Day 2025

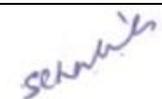

Date: June 5, 2025

Place: Na Borah Hospital (Outside College)

On the occasion of World Environment Day 2025, a plantation programme was organized at Na Borah Hospital, spearheaded by the Principal, Dr. Sumbit Chaliha. The event saw active participation from the teaching staff, members of the Environment and Climate Cell, the NSS Programme Officer, NSS volunteers, as well as doctors and staff of the hospital. The programme commenced with a welcome address by Dr. Chaliha, who highlighted the importance of tree planting as a significant step towards environmental conservation. Over 20 saplings, including indigenous and medicinal plants, were planted across the hospital premises, chosen specifically for their environmental benefits and ability to promote biodiversity. The Environment and Climate Cell provided technical guidance, while the NSS volunteers efficiently managed the logistics of the event. The event concluded with Dr. Chaliha thanking the participants for their enthusiastic involvement and leading a pledge to care for the planted saplings and continue similar efforts in the future. Refreshments were served, marking the successful conclusion of the programme.

Report on
Training Program on "Biochemical techniques for blood sample analysis."

Page No. 83
Date: 06/06/2024

An offline training program on "Biochemical techniques for blood sample analysis" was organized by Institutional Biotech Hub on 13/06/2024 from 10:30 am onwards. Dr. Pankaj Borah, Asst. Prof. Zoology Dept. Bahona College, practically demonstrated the process about blood sample collection from chicken and analyzing the SODI (Serum Glutamic - Oxaloacetic Transaminase) and SODT (Serum Glutamic - Pyruvic Transaminase) parameters using a spectrophotometer. The participants learnt about all the necessary details regarding that process and got hands on experience.

All total of 17 students participated in this program.

College foundation Day	
<p style="text-align: center;">Minutes of College Foundation Day Celebration</p> <p>Date: July 15, 2024 Place: Charigaon-Nimati Road</p> <p>The College Foundation Day was celebrated on July 15, 2024, with a special plantation drive organized to mark the occasion. The event involved the planting of 100 Krishnachuda plants along the roadsides of the Charigaon-Nimati Road, covering a stretch from Nimati Outpost to 1 km towards Nimati Ghat.</p> <p>The plantation drive was inaugurated by the Principal, Dr. Sumbit Chaliha, and the former Principal, Dr. Prasanna Kr. Dutta, who emphasized the significance of environmental conservation and the role of such initiatives in beautifying and sustaining the local environment.</p> <p>Teaching staff and NSS volunteers actively participated in the drive, working together to ensure the saplings were planted and supported properly. The effort aimed to enhance the ecological and aesthetic value of the area while commemorating the foundation of the college.</p> <p>The event concluded with the participants committing to nurturing the saplings, symbolizing a collective responsibility towards nature and community development.</p> <div style="text-align: right; margin-top: 20px;"> Bhaskar Dowarah Programme Officer NSS Unit, Bahona College</div>
