3	Details of Scholarship Schemes	3-16
4	Application Form	17

Introduction

To encourage students' academic pursuits, Bahona College offers a number of scholarships to students of academic merit. In addition to scholarships sponsored by the Government of India and the State Government of Assam, the institution provides students with a variety of merit and need-based scholarships. This is accomplished through a variety of Memorial Awards, Departments, trusts, and sponsorship opportunities. Because Bahona College is located in a rural area, many deserving students require financial aid on a regular basis. The institution understands the importance of financial assistance and works hard to make it available on time.

This brochure was created to provide information about the scholarship programmes offered by the institution. The brochure contains up-to-date information about the institutional scholarship available in the college. Any modifications will be incorporated into future revised editions.
